## LYCEUM BASKETBALL TEAM ORGANIZED

### Will Participate In League Games to be Played This Winter

### WILLIAMS TEAM COACH

**Other Athletics Planned by Lyceum For the Young Men—Former Members to Pay Exhibition Games**

At a meeting of the male members of St. Mary's Catholic Church held at the parsonage Monday evening, plans were discussed concerning the welfare of the young men and boys of the parish.

Rev. Louis Smet, pastor, announced that it was his intention to advance the interests of the youngsters under his charge in every way possible, and said he was in favor of clean and manly athletics, as well as having the lads read instructive books, hundreds of which can be selected from the shelves of the Lyceum library.

A basketball league was organized, to be known as the "Lyceum Basketball League."

Leslie "Jeff" Williams, considered a high class star and instructor in playing basketball was appointed coach by Father Smet. A meeting will be held in the Lyceum Hall, Sunday, at 3 p. m., at which time teams to play in the league games will be formed.

Games will be played every night, except Sundays. Practice for basketball will be in the gymnasium, but regular games will be played in the Lyceum Hall.

An effort will be made to have former members of the Champion Lyceum basketball team play exhibition games with visiting teams as a special attraction. Coach Williams desires that the following players report to him for consultation: Kemp Cockrell, William Entwisle, William Toomey, Edwin "Rosy" Hayden, James Patterson, and Patrick Gorman.

### RATE BILL VETOED

**President Holds Authority Should Not be Restored to I. C. C.**

Holding that the authority of the Railroad Administration over rates, schedules and classifications was necessary to enable it to meet promptly operating emergencies arising during the existing period of heavy traffic, President Wilson vetoed yesterday the Senate bill restoring the pre-war rate making powers of the Interstate Commerce Commission.

Because of the stort time intervening before the roads are returned to private operation on January 1, leaders in the Senate and House were agreed that no effort would be made to pass the measure over the veto. Republican Leader Mondell, of the House, said flatly he never had approved the bill, and consequently was in accord with the President's action.

The President's message disapproving the bill, of which Senator Cummins, Republican, Iowa, was the author, was transmitted to the Senate, but because of cloture on the peace treaty it was not formally presented.

### BERLIN RIOTOUS

**Cavalry Plows Through Crowds Gathered to Cheer Former "War Gods."**

Berlin, Nov. 19.—Germany's fallen "war gods," Hindenburg and Ludendorff, appeared yesterday before the peoples tribunal—one of the four parliamentary subcommittees authorized by the national assembly to establish whether Germany provoked the war or was forced into it, and to determine the causes and the guilt for her defeat and collapse.

Cries of "Down with the Republic!" "Down with the investigation committee!" and "Hoch Hindenburg!" answered by shouts of "Down with the military!" and "Down with the reaction!" echoed through the vicinity of the Reichstag Building as Hindenburg, escorted by a squadron of cavalry, drove up.

Fearing clashes between the Nationalists and Socialists, the streets in the neighborhood of the Reichstag building were shut off by heavy detachments of safety guards and military armed with rifles and hand grenades. In the center of the Tiergarten detachments of Roske troops were concentrated, while at strategic points around the Reichstag building numerous machine guns were mounted.

A blinding snowstorm discouraged large street gatherings. A crowd of 500, which had managed somehow to get near, showed intentions of storming the Reichstag entrance. A squadron of cavalry escort rode into the ranks of the people and scattered them.

Hindenburg declared he was in full accord with Ludendorff at all times He asserted Germany's defeat was due to defection at home and "lack of unity, holding fast, and will to victory."

The excitable former chief of staff now and then pounded the table with his fist. He treated the chairman in a manner sometimes bordering on disrespect.

On one occasion Ludendorff in effect called Count von Bernstorff a liar. He was asked regarding the former ambassador's stateemnt that he, Ludendorff, told him in May, 1917, he would bring the war to an end within three months.

A sharp setto ensued, in which the cool, calm, deliberate, smiling diplomat showed off to better advantage than the irascible military chieftain, who in a high-pitched voice exclaimed:

"Her von Bernstorff's testimony regarding his conversation with me is untrue."

## WILSON'S LAST MINUTE APPEAL

### President Sends Letter to Senator Hitchcock on Treaty

### "DEFEAT AS REVISED"

**Sincerely Hopes Friends and Supporters Will Vote Against Resolution**

President Wilson today strongly urged Administration Senators to defeat the Lodge resolution of ratification of the peace treaty.

The Lodge reservations mean 'nullification" of the treaty, he declared in a letter to Senator Hitchcock, which was read at a conference of Democratic Senators.

"I sincerely hope that the friends and supporters of the treaty will vote against the Lodge resolution of ratification," the President said.

"The door will then probably be open for a 'genuine resolution of ratification.'"

### FLOOD NEW YORK POLICE

New York, Nov. 19.—If some enterprising thief with a taste for liquor as great as that usually accredited to Omar Khayyam would drop into New York police headquarters and speed away with the stock of confiscated liquids now reposing there, he would take a great weight from the mind of James E. Murray, property clerk.

Because of a measure passed 3 years ago preventing destruction of liquor seized in raids, one of the largest and most diversified stocks in the United States has accumulated at headquarters, Murray announced last night. With all the storeroom space taken up by kegs and bottles, he appealed today to Corporation Counsel Burr for advice on what to do.

Even with the numberless parched throats in this city Burr was forced to "reserve decision."

The Methodist Episcopal Church South was the scene of a very pretty wedding this morning at 10 o'clock when Miss Julia Whiting Davis, daughter of Mr. and Mrs. William B. Davis, became the bride of Mr. Robert L. Myers, Jr. Rev. Dr. E. V. Regester, officiating. The bride, who was given in marriage by her father, wore a suit of rose taupe duvetyn with touches of seal and hat of navy velvet trimmed with uncurled ostrich. She carried a shower bouquet of orchids and Ophelia roses. Her attendant, Miss Pearl Schwarzman, wore a suit of brown peachbloom with hat to match and carried yellow chrysanthemums.

During the seating of the guests, Mrs. Thomas Hulfish sang several songs and the wedding music was rendered by Mrs. George Warfield.

Immediately after the ceremony, the bride and groom left for a northern trip.

### SPEAKS AT CONFERENCE

**Rev. Dr. Jackson Makes Address at Lynchburg**

Rev. Dr. E. B. Jackson, pastor of the First Baptist Church, this city, yesterday delivered an address entitled "Improvements on Baptist Polity," at the closing session of the Baptist pastors, conference held in Lynchburg which was attended by between 500 and 600 persons.

"Improvements on Baptist Polity" was discussed by Rev. Dr. E. B. Jackson. He pleaded for efficiency and expressed the hope that the $75,000,000 campaign would help improve this in the Baptist church. He said Baptist polity is democratic and to succeed it must be efficient.

"Will our system of church government stand?" he asked. He believed it would and that every form of church government which is not democratic would fail. He feared the question of religious democracy is not fully understood and thought the Baptist church had not caught the idea until it got the vision of the $75,000,000 campaign. He asked if the rule of the majority rules in all of the churches, asserting that the next great world issue will be to do away with an ecclesiastical aristocracy. He pleaded strongly for the development of leaders and not bosses, showing that the leaders must be trained to enable the church to stand up in these latter days, declaring it would be a miserable failure without a trained leadership. He also made a plea for a vigorous spirit of inter-dependence for the strong church to help the weak ones. He said in the local churches a democracy must mean faithful church officers and he deprecated continuing a man in office if he is not faithful. He thought he ought to be out and let get mad on the outside, rather than let him stay in and sap the life out of the church. He regretted that men are permitted to hold office who are guilty of social sins or of unfaithfulness, who are a stumbling block to the young. He closed with a plea for organization to the last notch; for a trained leadership, which would be a strong force in coping with the big problems of the day.

### LABOR OFFICIALS INDICTED

The men also are charged with issuing boycotts and blacklist orders against certain firms and individual workers, conspiracy to commit a felony, malicious destruction of property and the maiming and disfiguring of persons.

Dr. Barrett paid a eulogy to Miss Jones' service and the pride of her chapter in having one of their members serve with distinction in the World War. In Miss Jones' reply of thanks and appreciation of this honor conferred upon her, she spoke of the splendid record of Dr. Barrett's youngest daughter, Mrs. Charles Poser, of Canada, who while her husband, Major Poser, of the Canadian Force, was at the front, drove an ambulance in London during air raids, and served as a driver throughout the war.

The music was furnished by forty pieces of the Marine Band from Quantico, and was greatly enjoyed by all who were so fortunate as to hear it. The young ladies who acted as pages were Miss Collins Jones, Miss Fortune Kirkpatrick, Miss Sarah Cox and Miss Nellie Uhler.

This meeting was followed by a beautiful reception at the home of Dr. Barrett, 408 Duke street, in honor of the officers and delegates from Anne Pickett Chapter, where Mrs. Barnett received with Dr. Barrett.

### BLAMES HOMELAND

**Hindenburg Tells Probers Neither German People, Government Nor Kaiser Desired War.**

Berlin, Nov. 19.—Field Marshal von Hindenburg declared before the sub-committee of the National Assembly investigating war responsibility: "I know with absolute certainty that neither the people, the Kaiser nor the government desired war, for the government knew better than others, Germany's tremendously difficult position in a war against the Entente."

Germany's defensive strength, said the field marshal, was as unfavorable as possible from the start, and it might be left to history to decide why Germany's peace polity had failed.

"If the military authorities prepared for the possibility of an unavoidable war," continued von Hindenburg, "that was only their duty towards the nation. If there had been solid, united co-operation between army and homeland we could have attained victory.

"While with the enemy, notwithstanding his superiority, all parties were united ever more firmly in the determination to be victorious, with us, although we were numerically inferior, interests at home made their influence felt, and this state of affairs led to the breaking of the will to victory."

## THE CASE OF GOMPERS

There was tragedy indeed in Washington the other day says the Richmond Virginian, "when Samuel Gompers, for many years the acknowledged leader of the American Federation of Labor, lost his first major battle before he got started to fighting. And the tragedy lay not in the mere loss of a fight but in the publication to the world of the fact that Gompers himself had lost the sane conservatism which had held in leash the radical elements of his own organization for two decades.

"The manner of his fall was dramatic in its suddenness. His foot began to slip when the steel strike was called. When the soft coal miners walked out, after the federal court had issued an injunction and had ordered the strike leaders to rescind their call for a strike, Gompers and his crowd came along with a clarion call to embattled labor to rally around the miners and support them in a life and death struggle. Within a few hours, the miners' officials themselves announced their acceptance of the court's verdict and issued an order revoking the strike, written in accordance with the court's ideas. The mine workers' leaders quit cold just as Gompers was warming up for a fight on behalf of the least justifiable strike of major proportions which this country has seen in a generation.

"It all happened so quickly that the full effects are even yet hardly realized. The court decision and its results will stand long as one of the momentous events in our history. The collapse of the Gompers' legend with his surrender to the radicals was merely incidental, though highly significant. It means that no man may travel on the road toward revolution and maintain himself successfully as a leader of American men."

## A DISMAL PROSPECT

Director General of Railroads Walker I. Hines and seven regional directors were to meet in Chicago yesterday to consider a nation wide freight embargo as a means of conserving the country's meager supply of coal.

An embargo on all freight on the Chicago, Milwaukee and St. Paul Railroad between Chicago and the Pacific Coast has been in effect since Saturday.

If Director General Hines approves the recommendations of his regional directors an order may be issued immediately which will mean:

Nationwide embargo on freight.

A 40 per cent cut in passenger train service throughout the country.

Closing down of all nonessential industries.

Fifteen million workmen thrown out of employment.

These conditions are about to follow the strike of the steel workers and miners.

## PLANS MISCARRY

In the United States efforts to create a labor conspiracy with such shining lights as Foster, of the steel union, in action, and with a view to bring under radical control the great groups of American labor has proven an outright fiasco says a cotemporary. "While the miners' officials talked strongly, when the test came they could not see red if they tried. There was no labor revolution, there was no fight with the government, there was nothing that the Reds had counted upon. The effort to bring about soviet conditions in the United States has proven as farcical as most level-headed persons knew it would. Labor conditions remain as they were before the tampering with them by the radicals. When the miners and operators come to conclusions they will do so under the compulsion of public sentiment and various practical intimations of the last word belonging to the consumer. The Reds are out of the reckoning.

"The absolute crushing out of the Reds is the present employment of the government. This will be carried to the point of making utterly impossible any coalition of conspiracy for the defeat of the union of the states and peoples as one and inseparable. Those Bolshevistic will probably be accommodated with transportation back home."

## THE PENALTY OF GREATNESS.

Although he was reputed to be worth $100,000 when he entered the United States Senate a quarter of a century ago, Senator Thomas S. Martin, who died last week at Charlottesville, is said by well informed friends to have been at least $70,000 poorer financially when he passed away.

His estate, it is said, is worth about $45,000, and as an offset to this he left notes aggregating $15,000. So far as known, he left no will, in which event the estate will go to his two children. He contented himself with the salary of a United States senator. He provided well for his family, but lived himself in a modest apartment in Washington. Close friends knew for years of his waning fortune, but the senator seemed content to do his full duty loyally and honestly for his state and government and let financial matters take care of themselves.

During his last illness some of his friends, it is learned, offered him $50,000 without thought of reward, but he flatly refused the proffered assistance. The late Senator John W. Daniel, it is recalled, whose opportunities were the same, died a comparatively poor man, but honest.

## LIQUOR SUBSTITUTES

Attention has recently been called to the fact that men are frequently brought to the station house in this city helplessly drunk and in no condition to face the Police Court for many hours. Liquids found in bottles in their pockets bear no semblance to whisky, yet such potions have caused the overthrow of the delinquent.

Winchester grocerymen have been warned by the police authorities against the sale of lemon extract in large quantities or to others than persons whom they know will use it for legitimate purposes. The consumption of the extract, nearly all of which is alcohol, has increased to an alarming extent during the last few months, in spite of the fact that the bottles are smaller and the price higher than formerly. John Doe was dragged into police headquarters reecntly so drunk that he could not be arraigned. However, he admitted that with ginger ale and lemon extract mixed in proper proportions, national prohibition could not faze him. Policemen found his suitcase filled with bottles of ginger ale and lemon extract.

Charles H. Allen, known to his pals as "Dickey" was found dead near the basket factory in Chestertown, Md., recently. He was a user of anything that had alcohol in it, and had been drinking hair tonic, essence of lemon and other liquids.

## Healthy, Robust People Popular Everywhere

**Good Health Creates an Attractive, Magnetic Personality and Wins Admiration**

**Healthy People Are Happiest Pepto-Mangan Has Put Thousands In to Healthy, Full-Blooded Class**

How the red-blooded, energetic, and attractive man or woman is envied by those who feel that it will always be their unfortunate lot to be thin, pale, and weak-bodied!

And yet why continue to envy men and women who possess a vigorous, healthy physical condition and an attractive, magnetic personality? Poor health and lack of vitality are often merely the result of improverished blood.

Gude's Pepto-Mangan is for people whose bodies suffer from lack of proper blood nourishment. Pepto-Mangan enriches the blood and increases the number of healthy red blood cells, which are so necessary to carry the proper nourishment, vigorousness, and strength to every part of the body.

Physicians introduced Gude's Pepto-Mangan to the public because they knew that it contained the very properties that are so sorely needed to build up thin, watery blood. For your convenience Pepto-Mangan is prepared in two forms, liquid and tablet. Both contain exactly the same medicinal value.

Insist on the genuine Pepto-Mangan. To be sure you are buying the genuine Pepto-Mangan, ask your druggist for "Gude's." And be sure the name "Gude's" is on the package.

## WOULD KILL RADICALS

**Congregation Applauds Preachers' Denunciation of Agitators**

Wilmington, Del., Nov. 19.—Members of St. Paul's M. E. Church applauded Rev. Carlisle Hubard, pastor of the church, Sunday night when he declared that the 300 radicals which the government had decided to deport should not be deported but should be loaded on freight cars, taken outside the city, lined up against a stone wall and filled full of shot.

The preacher declared there was no place in America for such people. Later on he said he had been informed by a government agent that Wilmington is the most immoral city of the country.

It is possible that the government agent may be asked for his proof of this charge. The same charge was made once before by the officers of some troops stationed here and when they were challenged to prove the assertion they failed and all trouble in the section of town complained of ceased just as soon as this particular outfit of soldiers was removed and replaced by regular troops, who were under strict discipline.

## ENTENTE IMPATIENT

**Go Ahead With Treaty—Regardless of America,—British and French Say**

Paris, Nov. 19.—Regardless of the American government's attitude the peace treaty of Versailles will be put into force, according to the prevalent view here yesterday following receipt of the report that Persident Wilson might withdraw the treaty from the United States Senate.

Whatever happens, the feeling in French circles is that France cannot meet the German plenipotentiaries again, and French opinion is that Italy and Great Britain have a like feeling.

London, Nov. 19.—Commenting upon reservations to the Versailles treaty by the United States Senate and President Wilson's threat to withdraw the pact, the Chronicle, which is supposed sometimes to reflect the view of Premier Lloyd George, says:

"Unless the league is to fall altogether, other nations must go ahead for some years without America's participation, and we hope they will promptly decide to do so."

## ARREST OF A BROKER

**David W. Sullivan of Washington, is Held Prisoner in New York**

A Washington broker and former hotel owner, David W. Sullivan, was arrested yesterday in New York in the initial step in the campaign to rid Wall street of the gangs who have stolen securities valued at $1,000,000 during the past three months. The arrest of Sullivan was made after he had been identified by Detective Sergeant Patrick O'Brien, of the Washington detective bureau.

O'Brien declared that he knew the broken when he conducted a saloon at Twelfth and E streets northwest several years ago. Sullivan was charged with larceny.

The American Surety Company, which has worked in cooperation with the New York authorities, announced in that city last night that it is believed that the arrest of Sullivan will reveal the facts behind numerous hold ups of messengers with funds from Wall street offices.

Sullivan formerly conducted brokerage offices at 1421 G street northwest.

## REVOLT IN VLADIVOSTOK

Indications were strong here yesterday that the American troops in Siberia are to come home, lock, stock and barrel, the moment the Czecho-Slovaks have left that country.

Heretofore the official statement has been that the United States had a continuing reason to remain in the respect that the United States and the allies had to safeguard the Trans-Siberian Railroad.

The suggestions of the government, made yesterday, followed a Cabinet meeting and these developments:

First. The State Department was able to announce officially that Omsk, the capital of Siberia, had fallen, this meaning the success of the Bolshevists against Kolchak's depleted army. It is said ten generals and over a hundred other officers have been captured.

Second, That a revolution had broken out in Vladivostok, where are Major General Graves and the 7,500 troops he commands at that city.

Third. That Lloyd George had indicated that England was to pull out of Russia altogether.

## FULL OF COLD; HAD THE GRIP

This has been such a trying year for sickness that many will be pleased to read how Lewis Newman, 506 Northrand St., Charleston, W. Va., was restored to health. He writes: "I was down sick and nothing would do me any good. I was full of cold. Had the grip until I got two bottles of Foley's Honey and Tar. It is the best remedy for grip and colds I ever used." Good for grip, coughs, croup, whooping cough, and common colds.

## MAKE WORLD DRY PLAN

**W. C. T. U. Convention Declares for League and Single Morality Standard**

St. Louis, Mo., Nov. 19.—The National Women's Christian Temperance Union, in convention here, last night adopted resolutions indorsing the league of nations covenant and urging world prohibition and enforcement of the dry law.

Other resolutions adopted advocated a pledge signing campaign for total abstinence, a single standard of morality and that women, now that they have partial suffrage, concern themselves with "principles rather than parties, recognizing that political parties are but the medium through which we express our convictions."

**Feeling Fine at Last and Sure She Will be Permanently Cured. Pays High Tribute to Chasco-Vin**

"For the past twenty years I have been troubled with indigestion and an acid stomach. The indication of my trouble was constipation; never a movement without a purgative until my attention was called to Chasco-Vin by the clerks in our leading drug store here.

I have taken three bottles and am feeling fine and have not had to take any other medicie since taking the second bottle of Chasco-Vin.

I have confidence in Chasco-Vin and recommend it because I believe in time it will cure me completely." (Signed) Lillie Hoskins Rhodes, Chester, Pa.

## DMITS SHE IS SLAYER

**Mrs. Branch With Hatchet, Says Mrs. Warren.**

ola, N. Y., Nov. 19.—The cry- eed for a cigarette and the with ng of the coveted smoke until she "all she knew" were the factors ch induced Mrs. Mary Warren, 31, p posed as a private detective un- the name of Miss Marie Warren, confess yesterday after a four-hour lling that she murdered Mrs. Clara nch, whose body, hacked with a tchet, was found Friday.

After she had admitted the slaying, which was of an unusually brutal haracter, Mrs. Warren was given the garette she coveted. She drew a ep inhalation into her lungs and ap- eared to recover some of her shat- ered nerve. Mrs. Branch had acted as ousekeeper for Capt. Henry Wright, f Valley Stream, and Mrs. Warren ved there a fortnight, she said, while iding from the New York police, hav- ng been charged with taking a $50 tickpin from a man.

Her confession as given out tonight y District Attorney Charles R. Weeks, was as follows:

"Mrs. Branch was sick. I went into her room about 9 o'clock Friday morning and she asked me to get her some medicine. She took out of her waist a lot of money Captain Wright gave her to keep for him until he gave it to the owner of his fishing boat.

"I asked her to lend me $40 because I needed it. And she asked me if I was a crook. One word led to another and she reached for a revolver on a table.

"I went down to the dining room and got a hatchet. When I went back her face was turned away. She was deaf and didn't hear me.

"So far as I know I only hit her once. Then I took the money out of her waist.

Mrs. Branch's body and limbs had numerous gashes, inflicted with the hatchet, and the implement had been sunk through the skull into the brain. The blood of the murdered woman was spattered all over the room.

## NEW PLANE TO STAND STILL.

**To be Tried Out in France Within Short Time**

Paris, Nov. 19.—An airplane which will make a vertical ascension and remain at a standstill in mid-air will be tested out officially here shortly, with every indication of success.

The inventors are two eminent French engineers, Louis Danblanc and Louis Lecoin, of the Central School of Arts and Manufacturers.

After careful examination, the Government has purchased all patent rights and advanced $30,000 to aid the experiments.

The machine is equipped with two twin blade propellers, which take the place of the wings on the ordinary airplane. The normal position of these propellers is horizontal, but the pilot is able to change the angle at will, causing the plane to move forward or backward. To rise vertically the horizontal position is taken, and to remain stationary in midair the speed of the propellers is regulated to conform to atmospheric conditions.

The idea is to provide a machine for military observation purposes. The new plane has been christened L'Alerion.

## CONFESSES TO MURDER

Louisville, Ky., Nov. 19.—Thirteen years ago Monday night John B. Etley, a Louisville painter, was arrested, charged with the murder of his wife, Virginia.

He was tried, sentenced to the penitentiary for life, took the case to the court of appeals, secured a reversal of the verdict, and on a second trial was acquitted on the original plea that Mrs. Etley had been slain by a burglar.

Monday Etley was taken to a hospital suffering from a complication of diseases. Believing he was about to die he called in a newspaper man and a nurse to his bedside, confessed that he slew his wife by cutting her throat, and, according to their report of Central Station, repeated it to three policemen. In his semi-conscious intervals he asserted, "I had to kill her to get rid of my troubles."

## FOG CAUSES FOUR DEATHS

**Hog Island Shipworkers in Collision With Train**

Philadelphia, Nov. 19.—Six Hog Island Shipyard workmen were killed and nine others injured Monday when a motortruck on which they were riding to work was struck by a train at a grade crossing.

The accident was due to the heaviest fog experienced here in many years.

On the Delaware river two ferry boats collided in midstream and a third ferryboat crashed into a tramp steamship lying at anchor. No serious damage resulted from either collision.

## VETOES CUMMINS BILL

**Wilson Does Not Think Government Should Relinquish its Railway Policy**

President Wilson yesterday vetoed the Cummins rate bill, which would have restored to the Interstate Commerce Commission its pre-war power over railroad rates.

Senator Cummins will not attempt to have the bill passed over the President's veto.

Under government railroad control, the President has had the power to make rates, and did make several revisions upward. The Cummins bill would have forced the President, through the Railroad Administration to go before the Interstate Commerce Commission just as the railroads themselves had to do before Federal control.

The bill would have forced those in charge of the railroads, under Federal control, to seek approval of the various State railroad commissions in matters affecting interstate traffic.

The President's veto message said:

"This bill deprives the Government, while still charged with the exclusive responsibility for operating the railroads during Federal control, of any power to make any change in any intra-state rate, fare, charge, classification, regulation or practice, without first having secured the approval of the proper State regulating tribunal.

"The immediate effect of such a change in the law would be to deprive the Federal Government of the ability to cope promptly and decisively with operating emergencies which are now arising, and must continue during the existing period of heavy traffic.

"I believe that it is a far sounder general principle to vest in the Federal government the power to raise the revenue to operate the railroads, when the Federal government alone is responsible for paying the bills for their operation."

## What Nuxated Iron Is Made From

**Sworn Statement of Composition of Its Formula**

**It increases the strength and endurance of delicate, nervous, run-down folks in two weeks' time in many instances.**

The Board of Directors have authorized the broadest publication of the sworn statement of the composition of Nuxated Iron, one of the most widely used tonics, strength and blood builders in the world, so that the public may examine it for themselves and judge as to its merits.

It is conservatively estimated that this remarkable formula is now being used by over 3,000,000 people annually in American practice. Among those who have used and strongly endorse it are many physicians formerly connected with well-known hospitals, former United States Senators, members of Congress, and former Health Officials.

Newspapers everywhere are invited to copy this statement for the benefit of their readers. It is suggested that physicians make a record of it and keep it in their office so that they may intelligently answer questions of patients concerning it. Everybody is advised to cut it out and keep it. A copy of the actual sworn statement will be sent to anyone who desires such. It is as follows:

Iron Peptonate (Special specific Standard) Quantity given below.
Sodium Glycerophosphates U.S.P. (Monsanto.)
Calcium Glycerophosphates U.S.P. (Monsanto.)
P. E. Nux Vomica U.S.P.
Cascarin Bitter
Magnesium Carbonate
Pv. Ginger U.S.P.
Oil Cassia Cinnamon U.S.P.
Calcium Carbonate Precip. U.S.P.

Each dose of two tablets of Nuxated Iron contains one and one-half grains of organic iron in the form of iron peptonate of a special specific standard which in our opinion possesses superior qualities to any other known form of iron. By using other makes of Iron Peptonate we could have put the same quantity of actual iron in the tablets at less than one-fourth the cost to us, and by using metallic iron we could have accomplished the same thing at less than one-twelfth the cost; but by so doing we must have most certainly impaired their therapeutic efficacy. Glycerophosphates used in Nuxated Iron is one of the most expensive tonic ingredients known. It is especially recommended to build up the nerve force and thereby increase brain power, as glycerophosphates are said to contain phosphorous in a state very similar to that in which it is found in the nerve and brain cells of man.

As will be seen from the above, two important ingredients of Nuxated Iron (Iron Peptonate and Glycerophosphates) are very expensive products as compared with most other tonics.

Under such circumstances the temptation to adulteration and substitution by unscrupulous persons, is very great and the public is hereby warned to be careful and see every bottle is plainly labeled "Nuxated Iron, by the Dee Health Laboratories, Paris, London, and Detroit, U. S. A., as this is the only genuine article. If you have taken other forms of iron without success, this does not prove Nuxated Iron will not help you. We guarantee satisfaction to every purchaser or your money will be refunded.

In regard to the value of Nuxated Iron, Dr. A. Newman, late of Police Surgeon of the City of Chicago, and former House Surgeon Jefferson Park Hospital, Chicago, says it has proven through his own tests of it to excel any preparation he has ever used for creating red blood, building up the nerves and strengthening the muscles. Dr. F. W. Armistead, Grove Hill, Ala., graduate of the University of Alabama School of Medicine, Mobile, 1883, says: "In the cases I used Nuxated Iron I have found more beneficial results than from any preparation I have ever used in 34 years' practice." Dr. E. B. Baugh, Polkville, Miss., graduate of the Memphis Hospital College, Memphis, 1898, says "I always prescribe Nuxated Iron where a reconstructive tonic is indicated." Nuxated Iron often increases the strength and endurance of delicate, nervous, run-down folks in two weeks' time.

Manufacturers' Note: Nuxated Iron is not a secret remedy, but its composition is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach. Nuxated Iron is not recommended for use in cases of acute illness. For only as a tonic, strength and blood builder, in case of illness always consult your family physician and be guided by his advice. If in doubt as to whether or not you need a tonic, ask your doctor, as we do not wish to sell you Nuxated Iron if you do not require it. If you should buy it and it does not help you, notify us and we will return your money. It is sold by all druggists. Dee Health Laboratories, Detroit, U. S. A.

### OPERATOR SCORES MINERS

St. Louis, Mo., Nov. 19.—A "premium has been placed upon inefficiency" by radical officials and business agents, who have brushed aside honest efforts at collective bargaining, and are now governing the miners "autocratically," according to a statement sent from Washington by President Harry N. Taylor, of the National Coal Association.

The message read yesterday before the American Mining Congress here, said in part:

"No more vicious attempt at deliberate profiteering could be forced upon the public than the demand made by radical officials of the United Mine Workers for an increase of 60 per cent on the present eight hour scale—and then proposing to work only a six hour day for five days a week for this increased daily rate.

"Six hours, bank to bank, means five hours actual work, no double shift to be allowed, with time and a half for overtime and double time for holidays and Sundays. Their proposition makes Saturdays a holiday, or double time."

### AGAINST UNION WORKERS

**Business Men of Dallas Cannot Treat With Labor Any More**

Dallas, Texas, Nov. 13.—Dallas has the distinction of being the first open shop city in the country. Business men and industrial chiefs, at a meeting yesterday, agreed to no longer treat with organized union labor.

"Continued and unreasonable demands of labor unions menace the city's welfare," the announcement said. "We will no longer deal with organizations that flagrantly break their contracts."

According to the decision, union men will have to work with non-union men if they work at all in Dallas. It was said strikes were expected, but industrial concerns were prepared to meet them.

Labor leaders predicted last night that there would be a general walk out that would result in a complete tie up and paralysis of business in Dallas. They said unions in other cities might be called upon to go out in sympathy. The building trades crafts would be called out Wednesday, they said.

### WILSON PRAISES GLASS

**Writes He Regrets His Loss, But "Must Accept Appointment."**

The formal resignation of Carter Glass as Secretary of the Treasury, together with a letter from President Wilson, urging him to accept the appointment as United States senator from Virginia, was made public last night by the Treasury. There was no intimation as to when Mr. Glass would leave the Treasury, but it was understood he probably would not begin his duties as senator until the opening of the next session of Congress, December 1.

"Hense, if it is your judgment that I would better remain at my post in the Treasury, you may be sure I am quite prepared cheerfully to accept your view," the letter said. "Conversely, if it would seem to you advisable, in all the circumstances, for me to take service again in the legislative branch of the government, I would desire to accept the honor which Governor Davis has been pleased to offer me."

The President wrote Mr. Glass as follows:

"It was most thoughtful and generous of you to consult my desires in the matter of your selection by Governor Davis for the senatorship from Virginia, left vacant by the death of Senator Martin. Of course you must accept the appointment. While your withdrawal from the administration as a cabinet officer is a matter of deep regret to me and to your associates, I feel that your fine ability may again be utilized as a member of the Senate, in advancing the interests of the nation and the administration in that great forum.

"No President has had a more loyal, a more devoted, or a more resourceful friend than you have been to me. Your work as chairman of the banking and currency committee of the House of Representatives in connection with the establishment of the Federal reserve act, and your stout support of the administration at every turn while a member of the House caused us to rely upon you in every emergency.

"While your occupancy of the office of Secretary of the Treasury has been brief, the administration of its affairs under your guidance has moved forward to the highest levels of efficiency and high devotion to the public interest.

"Gov. Davis has honored the old State of Virginia by paying tribute to so distinguished a son. We shall watch your career in the Senate with affectionate interest and admiration."

## THE PROPER COURSE

**Information of Priceless Value to Every Alexandria Citizen**

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with kidney backache, urinary disorders, or any form of kidney trouble, the advice contained in the following statement should add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of a Alexandria citizen who used them and who publicly tells of the benefit derived?

Guy Pettit, railroad engineer, 114 Commerce St., Alexandria, says: "I have used Doan's Kidney Pills off and on for a number of years and they have done me so much good I wouldn't be without them. I usually carry a box of Doan's with me because my kidneys are apt to get out of order. This is from the jarring of the engine. However I only have to use a few of Doan's Kidney Pills and I am not bothered any more."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Pettit had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

## READY FOR FINAL VOTE

With the adoption of two additional reservations, the Lodge program for treaty ratification was disposed of by the Senate yesterday. The final phase of the battle over ratification will be inaugurated today, when the resolution embodying the fifteen reservations will be considered. The vote will be taken probably tomorrow.

It appears probable that on the first vote on the Lodge resolution there will be more than one-third of the Senate voting in the negative, thereby defeating ratification. But if a second vote is obtained by means of reconsideration or some other preliminary maneuver, it is believed that enough of the Democratic Senators will change to the affirmative to effect ratification.

## EXECUTOR'S NOTICE

Having qualified as executor of the estate of the late Elizabeth Peck, deceased, all persons indebted are requested to make prompt settlement and all persons to whom the estate may be indebted are requested to present their claims properly authenticated for settlement.

### EXPLOSION KILLS TEN

**Backfire of Automobile Ignites Gasoline Tank at Filling Station**

Hays, Kansas, Nov. 19.—The backfire of an automobile caused the explosion of a gasoline tank at a filling station here Monday, which exacted a toll of eight lives and left three dying, twenty-three seriously burned, thirty others slightly injured and a property loss of $100,000.

The explosion occurred when Mike Weiner cranked his car. It was followed by a fire which destroyed the garage, seven dwellings and the Farmers' elevator in which 13,000 bushels of wheat and 100,000 pounds of flour were stored.

Chicago, Nov. 19.—Two men lost their lives, a score were injured, eight seriously, and hundreds of men and women workers fled in panic when the Acme hydro-oxygen plant at the stockyards blew up yesterday evening. The force of the explosion was felt throughout the city, and windows were shattered in a wide area. Property loss over $50,000.

### RACE MURDER CHARGE

**Ten Have Been Indicted for Killing Veterans at Centralia, Wash.**

Centralia, Wash., Nov. 19.—Informations charging murder against I. W. W. suspects in connection with the Armistice Day shooting here will be filed soon, it was announced by Prosecuting Attorney Allen yesterday.

Ten men already have been indicted for murder in connection with the shooting.

John Haney was accidentally killed by a member of his own posse and not by I. W. W. outlaws, it was learned today.

Haney's body was brought here last night. Members of the posse said Haney was mistaken for one of the bandits.

Why not get a small box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? Carcarets never gripe, sicken or inconvenience one like Salts, Oil, Calomel or harsh pills. Cascarets bring sunshine to cloudy minds and half-sick bodies. They work while you sleep.

## THEATRES

### INGOMAR THEATRE

Peggy Hyland's new photoplay, "The Merry-Go-Round," which will be shown at the Ingomar Theatre today, is said to be a love romance abounding in rapid action, developed in most picturesque settings. The story is by Richard Washburn Child and the leading role is reported to fit the popular star like a glove. Miss Hyland enacts the part of a gypsy girl attached to the fortune telling end of a down and out circus, who later becomes a society debutante.

### RICHMOND THEATRE

The fact that human nature is only skin deep and that a mere scratch of incident will bring it to the surface is delightfully revealed in Vitagraph's picture, "A Fighting Colleen." This production, one in which Bessie Love takes the stellar role, will be shown at the Richmond Theater tonight.

The story of the picture brings the upper crust of society, represented by the mayor of a great city and his political opponents, into crushing contrast with the dismal, hopeless layer of humanity in the tenement section. Miss Love plays the part of "Puggy" Malone, a beautiful little Irish girl who sells newspapers on the street, and who becomes enmeshed in big events.

A Fox Sunshine comedy, "Dabbling in Society," will also be shown.
